

Suffragists Name League Chairman Before Adjourning

Proposal for Remedial Legislation Affecting the Meat Packing Industry Is Indorsed by Women

ST. LOUIS, March 29.—The jubilee convention of the National Woman Suffrage Association adjourned here shortly after noon to-day after indorsing action taken by the League of Women Voters, composed of suffrage members from franchise states, looking toward remedial legislation affecting the meat packing industry.

Mrs. C. H. Brooks, of Wichita, Kan., was elected permanent chairman of the league to serve until the next national convention of the suffrage association, which will be held in February, 1920, as a centennial celebration of Susan B. Anthony's birthday. By that time it is expected that the Federal suffrage amendment will have been passed and the National Suffrage Association will take the name of League of Women Voters.

The league is composed of the women of twenty-five states, in which there are more than 13,000,000 women voters. In its business session this morning the league invited the territory of Alaska to become affiliated with the organization; decided to erect a monument in Cheyenne, Wyo., where women were first granted the franchise; indorsed a plan of Americanization for the United States, and appointed committees to take up at once the study of laws on citizenship, elections, social morality and hygiene, unification of laws, food supply and demand.

The Americanization plan as approved provides: Compulsory education for all children between the ages of six and sixteen, with school attendance provided for nine months of each year; education of illiterate adults; stricter provisions of naturalization; votes for women to be given only to those who are naturalized in their own person or through naturalization of their father or mother or husband after a residence of five years; naturalization laws to be changed so as to permit a married woman to be naturalized on her own qualifications; English to be the language of all public and private schools; oath of allegiance to the United States as qualification of the vote of all citizens.

The Illinois delegation has invited the next national convention to be held in Chicago.

Dr. Wylie to Preach

To Discuss Religious Training in the Home

Rev. David G. Wylie, D. D., general secretary of the board of church erection will preach next Sunday morning at 11 and evening at 8 in the Bethany Presbyterian Church, 137th Street, near Willis Avenue.

Dr. Wylie's subject in the morning will be "The Importance and Value of Religious Training in the Home." In the evening, "Some Elements of a Successful Life." This is a sermon especially for young people.

Constitution Day Planned

Security League Promoting Nation-Wide Celebration

Prominent organizations and individuals throughout the United States have pledged themselves to active cooperation with the National Security League in the nationwide celebration of the birthday anniversary of the American Constitution, September 17. The National Association for Constitutional Government, Sons of the American Revolution, American Rights League and American Defence Society are among the organizations. The individuals include Governor Harding of Iowa, former Secretary of the Navy Charles J. Bonaparte, John M. Parker, of New Orleans, Edgar A. Bancroft, Dr. W. W. Willoughby and Louis Annis Ames.

FUNERAL OF MAJOR ROOSEVELT AT OLD TRINITY

Services for the cousin of the late ex-President Roosevelt, who died on board the Great Northern on his way to this port, were held yesterday. Many of his former comrades, officers of the 77th Division, attended.

Major Roosevelt, Of 77th, Is Buried With Military Rite

Army Officers and Comrades Attend Impressive Services in Trinity Church and Follow Body to Grave

With full military honors, funeral services for the late Major James A. Roosevelt were held at high noon yesterday in Trinity Church. The church was crowded with army officers and enlisted men and friends. Many of Major Roosevelt's former comrades, officers of the 77th Division, heard the solemn service of the Episcopal Church pronounced and followed the body to Greenwood Cemetery, where the impressive committal service was read. A salute was fired by members of the 22d Infantry and a bugler sounded taps as the body was being lowered into the grave.

The service was conducted by the Rev. Dr. William T. Manning, rector of Trinity Church, assisted by the Rev. Spence Burton, of Boston, and the Rev. Joseph Patton McComas, vicar of St. Paul's Chapel.

To the strains of Chopin's funeral march, Dr. Manning and his associated clergymen marched down the aisle to the door of the church, where the funeral party was met. The coffin, wrapped in the Stars and Stripes, and borne by eight officers of Major Roosevelt's division, was carried up the aisle, followed by other army officers as honorary pallbearers and members of Major Roosevelt's family.

As the choir sang as a recessional Barney's setting of the hymn "For All Thy Saints," the funeral procession left the church, headed by the 3d Battalion of the 22d Infantry. As the coffin reached the door the hymn was stopped and the 22d Infantry band, which had reached the street, began playing Chopin's funeral march. The guard of honor stood at attention as the coffin was placed in a hearse. The honorary pallbearers were Lieutenant Colonel Theodore Roosevelt, Captain Kermit Roosevelt, Captain Archibald Roosevelt, Major Philip Roosevelt, Major Francis M. Weld, Major Kenneth Budd, Major Archibald Thatcher, Major Delancey J. Jay, Lieutenant Colonel Douglas S. Campbell, Lieutenant Colonel Charles W. Whitely, Major F. Fullerton Weaver, Major John Francis, Captain Allen L. Lindley, Captain Russell Auchincloss, Captain O'Donnell Iselin, Captain Francis F. Greene and Lieutenant James Barney.

Davenport Pleads for Personal Income Levy Tells Realty Men Proposed State Law Is Only Feasible Tax Plan

SYRACUSE, March 29.—Senator Davenport, chairman of the joint legislative committee on taxation, which has recommended a personal income tax bill, to-day addressed the Real Estate Association of New York State. He said the committee realized the necessity of securing some check on steadily increasing expenditures of the city and state governments; that although important improvements are demanded, there must be an economic limit to city and state budgets.

He said the conditions now to be met are a probable municipal deficit of about \$33,000,000 and a probable state deficit of \$20,000,000; that provision could not be made alone for the state in looking out for new sources of revenue it was apparent that the present personal tax could not be administered successfully; that such increased revenue as might be secured by a property tax, a vehicular tax and other indirect taxes proposed, was so inconceivable as not to be counted on. The Senator concluded that the only feasible tax was the personal income tax, that it was generally looked upon as equitable, that the rate had been made as low as possible in order to reach a large proportion of taxpayers.

British Fliers Land In Canada to Essay Ocean Trip April 15

ST. JOHN'S, N. F., March 29.—The coastal steamer Portia, with two airplanes and passengers transferred from the steamer Digby, arrived at Placentia to-day, and the passengers, with the exception of two British airmen, who will attempt a transatlantic flight, came here by special train. The airmen, Harry Kenzie Grieve, a commander, and Kenneth Grieve, an observer, are expected to bring the machines here to-morrow.

Passengers who crossed on the Digby said the flight was planned for April 15, at the time of the full moon, if conditions should be favorable. They quoted the airmen as saying that ice floes off the coast would not affect their plans, although delays might be caused by snowstorms. The machines will be conveyed to the air field a few miles from this city on Monday and assembled.

Conferences of Atlantic Division Open Monday

The Atlantic Division of the American Red Cross has arranged for a series of sectional conferences to be held in New York, New Jersey and Connecticut for the discussion of plans bearing on the present activities of their organization and the proposed cooperation of all the Red Cross societies of the world, except those of the Central Powers.

The first meeting will be held in Newark on April 1, and this will be followed by a succession of meetings in Jersey City, Paterson, Atlantic City, Jamestown, Rochester, Syracuse, Utica, Saratoga Springs, Middletown, Hartford, New Haven and New London.

Addresses will be delivered by Mrs. M. E. Baker, associate director of the bureau of production of the Atlantic Division; Miss Florence M. Johnson, division director of the bureau of nursing; Alexander M. Wilson, division director of civilian relief; Lieutenant Colonel C. G. Williams, of the Canadian army, and Charles I. Weibell, a soldier who lost his legs in France. Albert W. Staub, assistant manager of the Atlantic Division, will preside.

New Hampshire After Bolsheviks Under New Law

PORTSMOUTH, N. H., March 29.—Governor John H. Bartlett gave out the following statement to-day after signing an anti-revolution bill passed by the Legislature this week:

"We have enacted in the closing days of the New Hampshire Legislature the most drastic anti-Bolshevik law in the United States, and I have requested our Law Department to take the state with a fine-tooth comb to find evidences of their work, which are rumored to be here in two or three centers. No cost will be spared to suppress the social viper."

500 to Begin Drive In Week for Church Charity Foundation

Bishop Burgess Announces Fund Campaign Plans; 100 Teams for Brooklyn; Captains Are Named

The Right Rev. Frederick Burgess, Protestant Episcopal Bishop of the diocese of Long Island, yesterday made public details of the campaign for funds for the Church Charity Foundation, which opens next Saturday. The drive will last until April 15, and 500 workers will give their whole time to it.

Three institutions are maintained by the foundation—St. John's Hospital, the Home for the Aged and Blind and an orphanage. The latter was burned down several years ago, and part of the fund to be raised will be utilized in building cottages in the country for the orphans.

The foundation, according to Bishop Burgess, also plans to have a hospital of at least 200 beds, and to build a new home for the aged and the blind.

A hundred teams, of five members each, will carry on the work of the campaign. Sixty of the teams will make an intensive canvass of Brooklyn, the other forty will cover Long Island generally. The Brooklyn team captains thus far selected are:

A. W. Austin, William W. Brierley, Dr. H. R. Delatour, Arthur Hedley Diem, Dr. W. L. Duffield, William Everett, Arthur T. Hewlett, Omar F. Hibbard, William S. Hubbard, M. D., Samuel W. Maguire, John Matthews, G. W. A. Murray, William H. Onken, Warren S. Pangborn, Dr. William R. Parker, Louis Stephen, Louis H. Vogel, Dr. A. W. White, L. M. Barnard, Mrs. Divine F. Burtis, Mrs. H. A. Fairbairn, Mrs. Thomas C. Fletcher, Mrs. George B. Goodwin, Mrs. Otto Meinicke, Miss Margaret C. Hunter, Mrs. George Kennedy, Mrs. Roswell L. Murray, Mrs. William C. Reynolds, Mrs. W. A. Watson, Mrs. Charles S. Kennedy, Mrs. S. Wood, John L. Maud, Mrs. Ernest Johrens, Mrs. George P. Vail, Mrs. William Swabuck, Ernest Tuppen, Dr. William H. Kingston, Henry L. Boesiger, Samuel Church, Charles E. Morrison, Miss Selma Hansen, Ira R. Scarby.

The captains outside of Brooklyn are: G. L. Bell, Joseph Burt Lawrence, S. Butler, Peter Fleury, William Henkel, Jr., Newbold L. Herck, Bradish G. Johnson, Thomas H. Willis, E. S. Wood, John L. Maud, Mrs. Ernest Johrens, Mrs. George P. Vail, Mrs. William Swabuck, Ernest Tuppen, Dr. William H. Kingston, Henry L. Boesiger, Samuel Church, Charles E. Morrison, Miss Selma Hansen, Ira R. Scarby.

Smaller Easter Stocks Of Women's Garments

Manufacturers Swamped With Orders Expected to Cut Down Deliveries

Comparatively small stocks of women's spring coats and suits on the racks of retailers will be a feature of the pre-Easter business this year, say manufacturers of these garments. Early spring sales have been large, it is said, and the retailers' stocks are now depleted. Owing to the policy of buying only for immediate needs, entered upon immediately after the cessation of hostilities, the retailers have no reserve stocks, and manufacturers are now swamped with orders. It is believed that it will be impossible for the coat and suit makers to deliver more than 50 per cent of the orders for spring merchandise now on their books in time for the Easter trade.

"Another factor which further complicates the situation is a shortage of high class fabrics from which women's coats and suits can be made. Few of the mills were able to produce fabrics for the present spring season, and manufacturers were compelled to rely on their own surplus stocks and those of jobbers.

You may find just the position you are looking for advertised on Page 17 of today's Tribune. Turn to it now. Classified Advertising Page, New York Tribune.

'Wide Open' Charge Makes Hyman Attack Demoted Inspector

Mayor Calls Attention to Raids in Morris's District, but Makes No Mention of Henry's Shortcomings

Alderman Quinn's assertion that Mayor Hyman and Richard E. Enright, his Police Commissioner, were demoting police inspectors of the Woods administration preparatory to running a "wide open" city brought a reply from Mayor Hyman yesterday. Referring to the Alderman's statement that Inspector Frank J. Morris has been demoted and sent to the "country" the Mayor made an attack on the honesty of Inspector Morris by writing the following to Commissioner Enright:

"I note that Alderman Quinn is very much put out that another inspector has been reduced. I wonder if Alderman Quinn knows anything about the gambling raids and arrests that were made in this inspector's district recently?"

Friends of the ex-inspector were wondering yesterday whether Mayor Hyman knows anything about the gambling raids that have recently been made over the head of Inspector Dominick Henry, Commissioner Enright's protégé, in the Fifth Inspection District, known as the "New Tenderloin."

The most recent of these was made by Chief Inspector John Daly and Inspector McDonald on a gambling house in West Seventy-seventh Street. When the defendants, Frank Jones and Grant Fisher, charged with being common gamblers, were arraigned before Magistrate Corrigan the next day in the West Side court the magistrate was evidently much pleased and strongly insinuated that it was not what is termed a "plant raid."

"This," he said, "is a real gambling raid. Catching men like this is a credit to the police. This marks an epoch in the history of crime in New York." Inspector Henry was president of the Captains' and Inspectors' Benevolent Association when Commissioner Enright advanced him from Captain to Inspector in the upper West Side district last May. Soon after his appointment Assistant District Attorney James E. Smith began to make raids in Henry's district. He said he was co-operating with the Federal authorities. Considerable friction was engendered between Smith and Henry on these occasions.

When Chief Inspector Daly and Inspector McDonald invaded Henry's district there was consternation even among Commissioner Enright's confidants. As to the possibility that Inspector Henry might have fallen from grace. Although the raids from outside apparently were bona fide, Henry still basks in the favor of the Commissioner.

Swedish Physicians Ask U. S. to Give Germans Food

STOCKHOLM, March 1.—One request that America should send food to Germany was drawn up here by a delegation of medical scientists representing 200 Swedish physicians who asked the American Minister, Ira Nelson Morris, to forward it to President Wilson.

The petition was supported by the report of Professor J. E. Johansson, a nutrition expert, whose investigation of the German situation has been in progress since 1915. He declared that tuberculosis in Germany has increased 100 per cent. Basing their argument on this statement, the Swedish doctors in their petition said serious epidemics might be expected to spread through the world from Germany unless food was soon supplied to the German people.

Perfected Valve-In-Head Motor has unusual power

When first shown nineteen months ago the Nash Six with Perfected Valve-In-Head Motor was accepted generally as marking a far step forward in motor construction. Since then in actual performance it has proved to be powerful, economical and quiet. In every respect it is now acknowledged to be an uncommonly good motor car.

VALUE CARS AT VOLUME PRICES

"First Away—The Hudson!"

Note How the Super-Six Leads on Every Road—In Get-a-Way—As a Traveler and in Numbers

In city traffic, the driver of a motor feels the fullest amount of satisfaction or chagrin in the acceleration of the car he handles.

It is easily the most important quality in a car to the man who drives primarily to save time. Many cars, which have plenty of speed once they have gained momentum, are always far behind in city travel, because their sluggish acceleration loses so much time in the numerous stops and starts. Such cars are an exasperation.

Where Supremacy Is Shown

The Hudson Super-Six holds the acceleration records. But it is not on the test course that its supreme mastery of pick-up is best proved. It is at thousands of city crossings, controlled by the traffic policeman's arm and whistle. At any of these crossings watch the Hudson flash away in the lead when the barrier goes up. Mark, then, how swiftly it opens the gap between itself and following cars. So well is Hudson leadership of acceleration recognized

that the drivers of other types usually concede the Super-Six right of way.

But acceleration is only one item among the qualities that make all Hudson owners enthusiasts. Its great reserve of power that springs instantly at a touch to do any bidding, its endurance and dependability are all sources of pride and constant satisfaction to the hosts who drive Hudsons.

60,000 Prove All Alike

The Hudson holds more worth while records than any other stock car has ever shown. Sixty thousand owners are daily demonstrating in practical, every day use, the great qualities revealed in the establishing of those records.

There is a shortage of Hudsons this year—greater in proportion to output even than that of last year, and of the two years before, when the Super-Six was first issued, and when thousands vainly tried to secure them. If you are intending to buy a Hudson Super-Six this year you would do well to speak now.

Gentlemen:
Your advertising has attracted my attention. I own and drive a 1915 Model Briscoe Touring Car. Last season I made a trip of 152 miles in my Briscoe, carrying four adults and four heavy suit-cases, and the entire amount of gas used on the trip was 5 gal. and 1 pt. I swear by my Briscoe, seldom at it.

Please send me whatever printed matter you may have in regard to the 1919 model. If you have a catalogue of Briscoe parts please send me one.

If you care to have a demonstrator in this section of the State I shall be glad to correspond with you concerning it.

Very truly yours,

Frank Stanbro
